

Prayer and Praise from The Mission:

- ✓ Pray for our finances of the Mission. The need is great, but we have a great, big God!
 - ✓ Pray for a revival among our men.
 - ✓ Pray for the Staff. The staff needs the uplift of God's people daily through your prayers.
 - ✓ Pray for the men that are in key positions here at the mission, such as, Security, Dining hall/kitchen, and Maintenance. They carry tremendous loads.
 - ✓ By the time you receive this our revival with Rev & Mrs J. Cary Thornton, Somerset, KY will be history, but we thank those of you who prayed for us during this time.
- So thankful that Bro & Sis Ledger were not seriously injured in their car accident in May while on deputation.
- Praise for the architects that are volunteering their time in regards to the new dining hall and dorm.

Our Staff,
Rev & Mrs MarJoe Wooten
Rev & Mrs Philip Ledger
Rev Jerome McFarland
Rev & Mrs Roger Hatfield

Fort Myers Rescue Mission 6900 Mission Lane, Fort Myers, Florida, 33916

Happenings at the Mission:

1. We have finished the last of the rooms we were trying to renovate during campmeeting. They are very well done and decorated tastefully. They are occupied by our new Resident Employees; Stephen Short, Robert Kapernick, and Daniel Burtz.
2. The Mission has now hired 3 Resident Employees to carry the load in certain areas of the work here at FMRM. Stephen Short is now the Kitchen/Dining Hall Manager & Purchasing Agent. Robert Kapernick is Manager of our Security Team. Daniel Burtz is Manager of Maintenance. Pray for these men. They have taken on more responsibility.
3. We are doing some renovations in our kitchen area. We are putting in a new dishwasher (our old one is worn out and it is hard to find parts), some new prep tables for the kitchen, new overhead lighting, and new sinks. We will put in pictures as we do the project.
4. Our architects are working hard to help us get started on our new dining hall facility. Hopefully soon we can get pictures out of our future plans.

Summer Quarter 2017

Vol 4 Issue 2

Summer is upon us. It is hot and sticky to say the least in our area this time of year. But, "singing we go along life's road, praising the Lord, praising the Lord!"

Rev. MarJoe Wooten, Director

Our beds are full, we have some good men, who desire to go with the Lord and really see their lives changed. It is wonderful to see the transformation upon their lives as God begins to lead them in paths of righteousness. There is much wonder on their part and lots of questions about their past, present, and their future in God's plans for them.

We are very busy here at the Mission with the Hatfields on deputation up north and a deputation team here locally, made up of Rev Jerome McFarland and Stephen Short.

We hope to get some news out about our new dining hall, which will then open up the old dining hall for us to renovate to become a women's shelter. We plan for it to house 22 women and a couple of women with separate quarters with children. It has been a long process, and sometimes has been very discouraging. I think at this time we have a team on hand that is going to help us get this process started.

We are calling on you that are helpers of the Mission to begin to pray that God will begin sending in the money for the project now. It is so good to see God's handiwork here at the Mission. How He advances His plans and Will for us is always amazing. "It's amazing what praising can do, Hallelujah!" We give Him all the praise of which He is so worthy.

Yours in Christ,
Bro MarJoe Wooten

Words from The Men:

My goals while staying at the Mission are to get my education finished by getting back into school, so I can go to college. I want a doctor degree in Arts & Science. BD

My goals are to get my mind, body and soul right. That's not in any particular order, but I figure if my soul is right the rest will follow. I think God let me get into this situation (of homelessness) because of how I was living life. AG

I wish to learn a lot about JESUS CHRIST by studying the Bible and listening to the preachers, staying away from old habits, staying near helpful people, and hard work with a positive attitude. DG

I need God in my life. I have been running from God off and on. When I walked through the FMRM gates I had my mind made up that when I ever left here that I would be saved. Sometimes I feel real close to God and sometimes I feel like I am just here. When I feel like that I pray to God. I want to be close to him and feel His presence. I want His full closeness. JO

Pictures:

This is the layout for the new dining hall on the backside of our property. I know it is rather small, but hopefully we will be able to present something larger soon. You will see three yellow squares on the picture. The bottom center one is where the dining hall will be placed; behind Dorm 2 building and just before the last drive on our property next to Mission Lane.
